Business/Special Interest	03/01/2023	<p>1. When exactly was this working group established?</p> <p>2. What is the membership of this 'working group'?</p> <p>3. Who is the chair of this working group?</p> <p>4. Are any professional historians involved in this working group?</p> <p>5. How many meetings of this working group have been held to date?</p> <p>6. What documents, including policy guidance, has issued from this working group?</p> <p>7. Does this working group have access to any archival list of the mental health records they are discussing and of the hospitals under review? If such a list exists I would wish to be provided with a copy.</p> <p>8. My own enquires to various local HSE officers in Ireland during the last four months has revealed a lack of knowledge about the existence of mental health hospital records for which these local HSE areas are responsible. Indeed, a number of responses suggest that no such records exist, even though the majority of such hospitals have, or had, records going back to the early/mid nineteenth century. I saw many of these records in the late 1990s. What is the HSE doing to ensure that such records are preserved and kept safely?</p> <p>9. I would like a copy of all correspondence, minutes of meetings and policy documents relating to this working group.</p> <p>10. What is the relationship between the working group noted above and the Mental Health Archiving Working Group?</p> <p>11. What information exists on this Mental Health Archiving Working Group?</p>	Granted	31/01/2023
