		Under the Freedom of Information Act 2014, I am seeking the following information, please. 1. Letter/s issued as of the 1st March 2022 as referred to in the following excerpt received as part of a media response from the HSE press office this week: Can you confirm Recommendation 5 (i.e. The services provided by Consultant A should be reviewed. A determination as to whether the current services are fit for purpose should be performed, and associated remediation taken, if required.) of the HSE's Internal Audit Report entitled "Review of the operation of HSE Standards and Recommended Practices for Post Mortem Examination Services" - REF: MT001SOP0222 has now been fully implemented? Recommendation 5 is complete - correspondence issued to the Hospital Group CEOs on the 1st March 2022 noting that Internal Audit observed a lack of perinatal pathology consultant resources during the site visits conducted, necessitating the employment of retired consultants on an ad hoc basis for the HSE. The correspondence further advised that if the services of contractors were utilised within the Hospital Group, there was a need to review current arrangements to determine if the service was fit for purpose, and determine alternative arrangements if not appropriate. As per the Audit Report, a review of perinatal pathology services was accelerated, through the current workforce planning exercise undertaken by the NWIHP (recommendation 6). 2. Any documentation comprising a review of the services provided by Consultant A in the context of the correspondence issued on the 1st March 2022.		
Journalist	07/07/2023		Granted	04/08/2023
Individual	07/07/2023	I would like to request the 2022 PCRS figures please	Granted	04/08/2023
