

22nd August 2019

Circular 029/19

Re: Campral EC 333 mg (Acamprosate)

Dear Pharmacist,

The HSE is aware that Campral EC 333 mg (Acamprosate) tablets will not be available for a number of months. Due to the nature of the product indication and given the exceptional circumstances, as a temporary measure until such time as supplies of the authorised product become available, generic Acamprosate may be supplied and will be reimbursed under the GMS and Community Drug Schemes.

The product may be claimed from 27th August 2019 by using the following temporary number:

Product Description	Pack Size	Temporary Code	Reimbursement Price
Acamprosate EC 333 mg	168	55522	€40.62

From 27th August 2019, the HSE will not pay more than this reimbursement price for Acamprosate under GMS (Discretionary Hardship Arrangements) or Community Drug Schemes.

Yours faithfully,

A handwritten signature in cursive script, reading 'Anne Marie Hoey'.
