

26<sup>th</sup> August 2022

**Circular 023/22**

**High Tech Ordering and Management System (High Tech Hub)**

Dear Pharmacist

As per previous correspondence issued, the next deployment of High Tech drugs to the High Tech Hub is scheduled to take place on the 1st September 2022. From that date, the updated drug codes listed in Appendix 1 which are licensed for use across a number of therapeutic areas, will be added to those that are already only available for ordering via the hub.

The following are the relevant suppliers for the next cohort of medications:

- Rx Source
- United Drug Dublin
- United Drug Limerick
- United Drug Ballina
- Uniphar
- PCO
- Gilead

Please note reimbursement will only be facilitated for orders placed through the hub for the listed “hub only” High Tech medications. Any High Tech drug available for ordering through the Hub but ordered via a separate mechanism will be treated as a private transaction and will result in the pharmacy being liable for payment. The suppliers of listed ‘hub’ drugs will not be able to process an order that does not occur through the hub.

We are continuously updating our User Guide and FAQ documents and these are available under the ‘Help’ section on the High Tech Hub application. Please ensure you inform your staff and locums of this process.

The support team in the High Tech Co-Ordination Unit can be contacted by email, [pcrs.hitech@hse.ie](mailto:pcrs.hitech@hse.ie), phone 01 864 7135 or fax 01 8914899.

It is expected that the final deployment to the High Tech Hub which will focus on the therapeutic area of Oncology will be rolled out towards the end of 2022. I would like to take this opportunity to thank you for your continued co-operation and support regarding the High Tech Hub.

Yours Sincerely

Shaun Flanagan  
Primary Care Reimbursement Service

**Appendix 1 – Drugs to be deployed to High Tech Hub on 1<sup>st</sup> September 2022.**

<b>Drug code</b>	<b>Drug name</b>	<b>INN</b>
89106	Quofenix 450mg tabs	DELAFLOXACIN
