Circular 017/22

High Tech Ordering and Management System (High Tech Hub)

Dear Pharmacist

The next deployment of High Tech drugs to the High Tech Hub is scheduled to take place on 1st September, 2022. From that date, the drug codes listed in Appendix 1 which are licensed for use across a number of therapeutic areas, will be added to those that are already only available for ordering via the hub.

The following are the relevant suppliers for the next cohort of medications:

- Rx Source
- United Drug Dublin
- United Drug Limerick
- United Drug Ballina
- Uniphar
- PCO
- Gilead

The most efficient way to place orders is to use the Hub to set up your preferred high tech supplier(s) or alternatively you can select a preferred supplier(s) at drug level. It is vitally important that you set up your preferred supplier as soon as you access the Hub for the first time in respect of these products.

Please note reimbursement will only be facilitated for orders placed through the hub for the listed "hub only" High Tech medications. Any High Tech drug available for ordering through the Hub but ordered via a separate mechanism will be treated as a private transaction and will result in the pharmacy being liable for payment. The suppliers of listed 'hub' drugs will not be able to process an order under the High Tech Arrangements that does not occur through the hub.

We are continuously updating our User Guide and FAQ documents and these are available under the 'Help' section on the High Tech Hub application. Please ensure you inform your staff and locums of this process.

The support team in the High Tech Co-Ordination Unit can be contacted by email, pcrs.hitech@hse.ie or by phone 01 864 7135. If you need to fax the unit you can do so on 01 8914899.

It is expected that the final deployment to the High Tech Hub which will focus on the therapeutic area of Oncology will be rolled out towards the end of 2022. We will keep you updated in this regard. I would like to take this opportunity to thank you for your continued co-operation and support regarding the High Tech Hub.

Yours Sincerely

A handwritten signature in blue ink, appearing to read 'Shaun Flanagan', with a stylized flourish extending to the right.

Shaun Flanagan
Primary Care Eligibility & Reimbursement

Appendix 1 – Drugs to be deployed to High Tech Hub on 1st September 2022.

Drug code	Drug name	INN
89106	Quofenix 450mg tabs	DELAFLOXACIN
