HSE HR Circular 008/2010

12th May, 2010.

**To: Each Member of Management Team;
Each Regional Director of Operations;
Each Assistant National Director of Human Resources.**

Re: Devolved responsibility and accountability to Regional Directors of Operations for filling of approved Temporary Consultant vacancies.

Dear Colleagues,

It has been the practice for a number of years that approval from the HSE Consultant Appointment Unit (CAU) was required to appoint an individual as a Consultant on a non-permanent basis (i.e. a locum for maternity leave, a locum for extended sick leave, a temporary additional post pending commencement of a permanent replacement etc.). Following discussions between Integrated Services Directorate and National Human Resources and in line with the HSE's policy of delegating authority and accountability to the commensurate level of the organisation, this practice is now being changed.

The delegation of authority to make such non-permanent Consultant appointments to the Regional Director of Operations is effective from the date of this circular subject to the following safeguards and reporting requirements.

- (a) The permanent post involved is a recognised and approved post and there is no change in the type of appointment or the approved structure of the post.
- (b) There is no increase in the overall number of such approved posts (i.e. no authority exists to create a new or additional Consultant post, the delegation **only** applies to a non-permanent post related to an existing numbered, recognized and approved permanent Consultant post).
- (c) The person filling the non-permanent post has all the qualifications to work as Consultant as set by the HSE i.e. registration as a specialist on the Specialist Division of the Register of Medical Practitioners.
- (d) Where permanent post falls vacant due to absence relating to maternity leave, extended sick leave, etc. the a locum appointment related to same is subject to a specified purpose contract which terminates on the return of the post holder from leave.
- (e) Where a permanent post falls vacant due to resignation or retirement, prior to the vacancy being filled on a temporary basis, a completed Application Form for Consultant Appointment, along with the AEMG approval, must be submitted to the Consultants Appointments Unit (CAU). The Consultants Appointments Unit must confirm that the post is an approved post. On receipt of this written confirmation from the CAU, the Regional Director of Operations may proceed to fill the post on a temporary basis for a specific purpose pending the consideration of the Application. The RDO is required to review each such vacancy on a quarterly basis so as to avoid any potential contracts of indefinite duration.

- (f) Where locum appointments are made under (d) or (e) details of any such appointments to be supplied to the CAU in the format required for national reporting purposes (see attached for completion).
